In the current issue of the Farm and Fireside appears an article showing how farmers spend a great deal of money and ingenuity in the construction of rat-proof corncribs to save themselves from a loss of millions of dollars worth of corn. The article is written by Prof. C. S. Chase, of the Kansas Agricultural College. Prof. Chase says that rats will jump 2-1/2 to 3 feet high, and will climb anything but smooth metal. A rat-proof crib, therefore, must be on rat-protected posts, or built to keep rats from climbing the sides. If a farm happens to be located near a wharf or slaughterhouse, where rats are especially bad it is advisable to tack sheet iron onto the corn crib.

**To The Farmers of Lincoln County**  
We will have our annual corn show some time in November and will offer some nice premiums on both white and yellow corn, so you can have your eyes turned in that direction. Will publish the premium list soon and name the time. With the very best wishes, your truly, State Bank & Trust Co.

**A Big Cucumber.**  
The largest cucumber the writer ever saw was brought to the L. J. office by Mr. George W. Martin the well known farmer, about four miles out of town on the Somerset pike. It is 15 inches in length and weighed three pounds to the ounce. It is on exhibition at the L. J. office. Who has one that can beat it?

### Preachersville.

Mrs. Sarah E. Martin, aged 53, died suddenly last Friday morning at her home near White's Mill. Deceased had been an invalid for several years with a complication of diseases, and had been subject to attacks of heart trouble recently. She is survived by eight children: W. J. T. Robert; Leonard; Lloyd; Van T. Charley and Grace, all grown except the last three. Mrs. Martin was a daughter of J. K. Mason of Bell county, one of its best citizens at that day. She was a member of Beech Grove Baptist church, and a good, kind Christian lady, and will be sadly missed, not only by her family but by her many friends as well who mourn at her taking away. After funeral services at Beech Grove church by Rev. E. R. English, and appropriate discourse by her pastor, Rev. A. C. Baird, on Saturday morning all that was mortal of this good woman, followed by a host of sorrowing friends, was taken to Crab Orchard's beautiful cemetery on the hill, and placed beside those of her husband who preceded her some years ago, to await the resurrection morning.

Rev. E. R. English, of Owensboro, is conducting a series of meetings at Beech Grove Baptist church. Rev. English is a forceful earnest preacher and an elegant speaker and good crowds attend each service. On Saturday and Sunday both morning and evening services were attended by great crowds, the house being filled to overflowing. There have been some 10 additions to date. The service will continue through the week. The song services are a feature of the occasion and show plainly the good a singing school can accomplish. Prof. Elijah Blanton, having instructed a class there in the spring.

Mrs. Goldie Cress and brother, Henry of near Cincinnati, who have had an enjoyable visit to their cousins, Joe and Ruby Cress returned home Friday.

Rev. J. E. Roberts preached Saturday and Sunday at the M. E. church. This was his last sermon for this church year but it is hoped he will be returned here.
